BASKETBALL RINGS & Goal Posts
POLICY

Rationale:

Kingswood aims to create a positive difference for each student by providing an engaging, innovative and caring learning environment. Basketball rings and goal posts are common and essential pieces of school playground equipment, providing students with opportunities to develop physical and sporting skills. They need to be well constructed and well maintained to maximise their longevity and to ensure their safety.

Aim:

To provide safe and well maintained basketball rings which comply with DEECD requirements.

Implementation:

- The development and maintenance of basketball ring and goal posts is the responsibility of School Council.
- A maintenance regime, including regular Basketball Rings & Goal Posts Inspections will be strictly adhered to, and any identified areas of concern will be addressed as a matter of urgency.
- Periodic inspections will be conducted. Identified maintenance issues will be prioritised for attention and dated on the relevant inspection report when completed.
- Unsafe equipment is prevented from being used until it is repaired, replaced or removed.
- Inspections by grounds staff will be carried out in case of vandalism or damage.

Evaluation:

- This policy will be reviewed every three years.
