POLICY

1. School profile

Community

Kingswood Primary School is situated in an attractive residential area of Dingley Village in the City of Kingston. The school has well established links with the local kindergartens, primary schools, secondary colleges and community support agencies.

Our current enrolment is 652 students from 452 families. The ratio of boys:girls is approximately 51:49 with the majority of our students coming from middle-class socio-economic backgrounds; the Department classifies schools according to Student Family Occupation and Education (SFOE) index. The SFOE for Kingswood Primary School is 0.2592, putting us in the 'high' category for Overall

Socio-Economic Profile. Approximately 1% of our students are from indigenous backgrounds and 41% have a language background other than English. There are 9 students enrolled who are in receipt of funding through the Program for Students with Disabilities (4 ASD, 2 ID, 1 SBD, 1 Medical and 1 SLD) and approximately 8% of our students are reported to have special accommodations in place to support their learning.

Educational

Currently the staffing profile consists of a Principal, 2 Assistant Principals and 36.7 Equivalent Full Time (EFT) teachers supported by 8.7 Education Support (ES) staff. There are 2 Instructional Leaders (both of whom are supported by a part-time co-teacher), 16.04 Range 1 Teachers, 18.4 Range 2 Teachers. The school implements a 26 grade structure and specialist programs in Visual Arts, Performing Arts, LOTE (Japanese), Physical Education, Engineering, Science and Digital Technologies (Digitech). The senior classes also participate in the Stephanie Alexander Kitchen Garden Program, which is staffed by a Kitchen Specialist (0.5 EFT) and a Garden Specialist (0.55 EFT). Classroom teachers manage the library program with support from a library technician (0.92 EFT) and integrate Information Communications Technology (ICT) in the classroom teaching and learning program. Staff maintain a strong commitment and display a breadth of experience in planning, budgeting and management of the Victorian Curriculum. The school is organised into seven Professional Learning Communities (PLCs), each one led by a PLC Leader. A team approach is adopted in the development and planning of curriculum programs with PLCs meeting at least once per week. A literacy intervention program (1.4 EFT) is maintained to support children experiencing difficulties with reading from Prep through Year 5. Three office staff (3.0 EFT), including the Business Manager continue to support staff and the school community. Five integration aides (3.29 EFT) are employed to support the 9 students in the Program for Students with Disabilities (PSD).

Parents have high expectations of their children and the school. For students to be successful in their adult lives it is important to offer a range of programs. Children are given opportunities to participate in extra-curricular programs including: Instrumental Music, Choir, Chess Club, Rubik's Cube Club, sporting clinics, Code Club, Mindfulness Colouring, Yoga and Green Team.

We participate in the Energy Breakthrough Challenge. The students in Year 5 & 6 build a human powered vehicle and get ready to compete at Maryborough. This year we will enter one team providing students access to this fabulous program. The program is managed by a team of parents.

On a healthy note, the school promotes healthy eating by providing a healthy canteen menu. To support our healthy eating practices the school receives 'fresh fruit' for all students in classrooms.

Technology

We are recognised as leaders in Information and Communications Technology. At Kingswood, we have both PCs and Apple computers; all computers are less than 3 years old. Students have access to computers and mobile devices in every classroom. All classrooms have Interactive TVs enabling all students to have access. Interactive TVs are tools to assist the teacher and students with teaching and learning. They cater for different learning styles and are highly used, hence making the learning more fun. The TVs give teachers and students the ability to have the 'world at their fingertips' and are a great teaching resource.
